TRUE SACRIFICE SHOWN IN DONATION TO EDUCATION FUND

Old Purse and Gold Pieces Long In Family Are Given to Presbyterian Fund for Christian Education.

Director S. W. McGill in charge of the Presbyterian movement for Christian education in Kentucky has received a gift for the cause that he values as highly as any contribution ever made for Christian education, according to his statement. The director has in his Louisville office a little pocket purse, old-fashioned and worn, evidently made more than half a century ago. It came to him with a little note attached but no signature. In the purse were two gold pieces; of one dollar and two-five denominations, and the letter said this purse and the money had been in the family at least four generations and the original owner had left it to be passed down and kept until a dire necessity arose.

"The time has now come," said the letter, "when I consider a dire necessity here. The money is therefore given for the cause of Christian education."

"That," said Mr. McGill, "represents true sacrifice and a true vision of what our church needs. I only wish every Presbyterian in Kentucky could see the cause as did this one."

THE MENDELSSOHN MUSICAL CLUB.

This is one of the very best of musical organizations and is considered among the chautauqua producers one of the finest companies in the field. The six artists are headed by Mr. Howard Everts, for many years with Innes' Band and the Brooks Orchestra. His name is so well-known among artists of his type that it is safe to say he would head no company but the finest. We especially appeal to our music-lovers to be present at the two concerts given by the Mendelsohn Musical Club, as we promise a rare treat at the Chautauqua.

Director of Kentucky State Fair Says Colonel Russell's Advertising Is One of States Fair's Biggest.

The following letter is from Mr. Fred R. Blackburn, of Winchester, one of the directors of the Kentucky State Fair:

"Dear Colonel Russell: — Replying to your card. Can use five hundred of the post cards. If you can not spare that number send what you can, please. Will place them where they will do good.

"Your window cards are very attractive. An attractive card in a pretty show window is seen by many. Would be glad if you will send me some of the window cards, too.

"You are doing good work for the State Fair in the way of advertising it. I want to congratulate you and thank you for this good work. Your middle name should be 'Booster'."

INSTITUTE PROVING GREAT FEATURE AT RUGGLES THIS YEAR

Doing at Ruggles Campgrounds Are Interestingly Told by Our Live-Wire Correspondent—Institute To Be Permanent.

(By J. H. RICHARDSON.)

Ruggles Campgrounds, August 2. — The institute is now in full swing. The schedule of study, devotional and recreational periods are going on like clock work. People are enjoying it more each day. Prof. Roberts director of recreation is giving the folks the best time possible. He is not only directing the play times but is going to begin a class tomorrow teaching how to direct the play life of the young people. Surely it is a thing much to be desired. It should help many to be better directors of picnics and church socials.

The day has been very full. In addition to the regular morning institute schedule Bishop Anderson held an important conference with the ministers at 1 o'clock. He was obliged to return to Cincinnati immediately following the conference.

Mrs. F. I. Johnson, of Columbus, dean of women had a great meeting at 2 o'clock. She again gave a very impressive and illuminating address at seven o'clock in the evening.

The evening service was an unusual variety. Following the address of Mrs. Johnson, Prof. Roberts gave a talk on the value of the cultivation of the social life of the church. This was followed by an address by Prof. Kilburn on rural church life. His address was followed by a very interesting talk by Rev. Lyon, of Covington, on the situation in England just preceding the World War. Rev. Lyon is just over one year. Between talks Miss Huger enlivened the big audience with many sunshiny songs. All in all it made a service of rare interest and helpfulness.

The annual meeting of the Camping Association was held this afternoon. The association placed its O. K. on the work of the Board of Directors. The work of the Institute came in for much favorable comment. It was voted to combine the camping and Epworth League program next year, the details to be worked out by the board and Dean Fort. The present board of directors was continued by the unanimous vote of the association.

The financial affairs of the association were found correct by the auditing committee. The Association's officers elected are Rev. S. K. Hunt, chairman, W. S. Peters, secretary, and J. H. Richardson, treasurer.

Rev. A. P. Smith, O. G. Ragan and A. C. Brown left for their places of work today.

Misses Mary Valentine, Hilda and Florence Tucker arrived today and will camp with Miss Rena Mae Coryell for the week.

Mr. and Mrs. Otto Starrett and sisters were visitors in the camp today.

Mr. Lester B. Hake, president of the Bellevue Epworth League, arrived today to take in the institute. Still more delegates are scheduled to arrive tomorrow.

Mrs. Ida McKee, of Bellevue is attending the institute, and stopping at the Simons cottage.

Mr. Herman Clark returned home this evening after a few days of enjoyable camp life.

Mr. and Mrs. Sam Carpenter returned from Maysville this evening and will now remain until the close.

A. PLONER'S SWISS YODLING SERENADERS.

If you were spending the summer climbing the Alps, many a pleasant evening you would pass, after a hard day's climb, listening to the native music of the Swiss mountaineers. The romantic strains from the Swiss yodlers would strike your ears interminably with zither notes coming from their Alpine instruments in the hands of Switzerland's own musicians. You may not experience the thrills of mountain climbing but you will be treated to all the local music of that little mountain republic, set off by the use of picturesque costumes, and heightened by the pleasing personality of Ploner's Swiss Serenaders on Monday afternoon and evening, August 7, at the Chautauqua grounds.

FITCH'S CHAPEL TO CELEBRATE 90TH BIRTHDAY.

HARDING NOMINATES HILLSBORO MAN AS ATTORNEY

Colonel D. Q. Morrow is Named as United States District Attorney For Southern Ohio.

Washington, Aug. 2. — Colonel D. Q. Morrow, of Hillsboro, Ohio, today was appointed to be United District Attorney for Southern Ohio.

President Harding sent his nomination to the Senate by messenger, but the Senate having adjourned out of respect to the late Senator William E. Crow, of Pennsylvania, whose death occurred early today, the message containing it was not officially received.

It will be duly recorded when the Senate reconvenes tomorrow.

The Morrow nomination immediately was referred to the Senate Judiciary Committee, which, in the absence of any opposition, is expected to recommend confirmation at its regular meeting next Monday. The Senate then will vote to confirm at its next executive session, and Colonel Morrow may then assume the duties of his office as soon as he takes the usual oath.

By a coincidence he will succeed Captain Thomas H. Morrow, who was appointed acting District Attorney when James R. Clark resigned the District Attorneyship last April.

"THE SCRAPER"

Thursday the Pastime presents Herbert Rawlinson, the scrappiest scrapper of the screen, in an Irish play that is a thrill from start to finish. In it he was a fighting cyclone, in a dress suit he was a glorious lover, but when he mixed business and pleasure it is the busiest hour you ever saw on the screen.

This is Vadah's last day, he has been helping the audience and created quite a sensation he answers all questions. Come prepared to ask him know your future, if you miss this you will regret it.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

SPECIAL ROAD TAX—NOT BOND ISSUE.

Fayette county's road engineer, recognized as one of the best in the state of Kentucky, has looked over Mason county's roads and has gone into the local situation carefully.

He advises against a bond issue and recommends a special twenty cent road tax.

Aside from the fact that his advice is expert advice, we believe it is good common sense and will appeal to the people of Mason county. If we vote a million dollar bond issue, we will be paying interest on the money and will, within a number of years have the bonds to retire while if we vote an extra twenty cent tax, we will be enabled to keep up our system of highways with our regular road tax not reduced by paying interest as they are now being kept up and with the extra twenty cent assessment put one of our main traffic arteries into such condition each year that it can be taken in as a state highway and be maintained by the state road department. Within a number of years we will have all of our main highways in good condition and turned over to the state under their maintenance plan. We will then owe no bonds and have our regular road tax fund each year to care for our smaller roads, which certainly deserve some attention.

The extra twenty cent tax may be required for no more than five or six years.

This extra twenty cent road tax cannot be assessed unless the people authorize it by their vote. We believe the people of Mason county want good roads bad enough at this time to favor such a plan for the betterment of our highway system throughout the county.

CHEER IN THE SCRAPHEAP

When we first catch sight of primitive man against the dim backgrounds of the past, he is stocked up with a fearful and wonderful collection of beliefs in things that are not so—such as devil worship, sympathetic magic, astrology, human sacrifice, torture, witchcraft. These his descendants have scrapped.

At least half of progress consists in getting rid of ideas that are not so. With this in mind it is no Pollyanna pose to say that progress has made tremendous strides in the last eight years, although at cruel cost.

Three deep and persistent delusions are headed for the scrapheap. One is glorification of the thing called war, at best an ugly necessity, usually the stupidist form of large-scale suicide. The glamor is off it, it may be for good.

The second delusion is that governments can make people wealthy by issuing promises to pay. There was long a Greenback party in this country, and after that a Free Silver party. From the example of Russia, Germany and Austria the lesson has been learned that instead of enriching men inflation robs them. No man who has cashed \$100 of good American money at a Berlin bank and received in return a seven-pound package of 20-mark notes will ever listen again to a paper "money" advocate.

The third delusion is that governments can make people prosperous and happy by running their business and personal affairs for them. This is called Socialism, Bolshevism, but it has a truer name—it is human slavery. The Russian example demonstrates that if it takes nine tailors to make a man, it takes seven Bolsheviks to make a real workman. The lesson is being digested.

If you doubt that men are getting along, look in the scrapheap.—Cincinnati Times-Star.

MANDATE AGREEMENT

Complete agreement has been reached between the United States and Great Britain over the terms of the mandates for Palestine and the former German Colonies in Africa. The revised draft of the mandates has been reported to the council of the League of Nations and ratified. The action marks the close of negotiations initiated by the United States to protect the rights of Americans in the mandated territories. As originally drawn, the mandates would have excluded Americans from participation in the development of the resources of the former German colonies. The allies proceeded on the theory that, inasmuch as this country was not a member of the League of Nations which granted the mandates, it could have no interest in their terms. Secretary Hughes was prompt to explain that our rights were won in the war, and it was not within the power of any League of Nations to take them from us.

BEECHWOOD PICNICS.

Beechwood Park has become the most popular and famous picnic grounds in northeastern Kentucky. Sunday schools have come from many neighboring counties not only in Kentucky but they have come from Ohio too and have enjoyed the day under the cooling shade of the park's old beech trees or have enjoyed a dip in the beautiful Ohio on Beechwood's wonderful beach. We understand that there is a school coming next week from Nicholas county far beyond Carlisle and near Cyathiana. The future for Beechwood looks rosy if the public appreciates the park and shows its appreciation, we know it is managed by men who will be continually on the alert to improve and make it more attractive.

HARD JOB TO PLEASE THE PUBLIC.

The Mason County Board of Education has a hard problem before it just now in selecting the location of the proposed new Consolidated School building for Lewisburg. There are some nine sites offered the board and there are warm supporters for each of the nine sites. Just which one will best serve the purpose is a big question. Someone is going to be displeased with the action of the board no matter which site is selected. It's a hard job to please the public.

Before us lies a circular letter issued by one of our local banks upon which is printed these words: "That action is best which procures happiness for the greatest number."

CAUSES OF BLINDNESS IN AMERICA NAMED

Census Bureau Makes Very Interesting Announcement on Blindness in Country.

Washington, D. C., August 2.—The Department of Commerce announces results of the inquiry into the causes of blindness, made in connection with the 1920 census.

Schedules, or questionnaires, were mailed to all persons reported in 1920 as blind. Of the 52,567 blind enumerated, there were 40,913 who returned these schedules. Of these 35,788 reported the cause of blindness.

In 13,816 or 38.6 per cent of these 35,788 cases for whom the cause was reported, the blindness was caused by some specific disease of the eye such as cataract or glaucoma; and in 5,623 cases or 15.7 per cent, it was a result of some general disease such as measles, meningitis, or scarlet fever. Accidents accounted for 5,913 cases or 16.5 per cent of the total. There were 1,429 persons in this number whose blindness was caused by explosives or firearms.

Cataract, the leading cause, was reported by 4,896 or 13.1 per cent. Glaucoma, which ranked next, was reported by 1,756, or 4.9 per cent.

QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor, and a friend of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. B. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Muscular nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

The M. E. church at Washington greeted their pastor, Rev. G. W. Sherard with a reception Saturday evening, July 29. Rev. Mr. Sherard had just returned from Atlanta, Ga., bringing with him his bride, the bride is a graduate of Clark College, and was a teacher in the city school of Atlanta. The welcome address was delivered by Mrs. Turner Greene. Mrs. Thomas Higgins was mistress of ceremonies, each department of the church was represented by good strong papers. The male trio was excellent, while the Baptist church was represented by a splendid paper read by Mrs. William Wadsworth. A solo by Mrs. Bettie Breckinridge, Mrs. L. S. ed by 1,923, or 5.4 per cent. Atrophy of the optic nerve was given as the cause by 1,756, or 4.9 per cent.

Ophthalmia neonatorum, or "babies' sore eyes," was reported by 1,198, or 3.3 per cent. of the total number reporting. That there has been a marked decrease in the relative amount of blindness due to his disease is indicated by recent statistics of admissions to schools for the blind, which show that only 14.7 per cent. of the new students admitted in 1917-1918 were reported as blind from ophthalmia, as against 24.2 per cent of the students then attending who had entered in previous years. This decrease reflects the more general adoption of scientific methods of treatment, and especially the routine use of silver nitrate drops in the eyes of infants.

The campaign to eliminate trachoma appears also to be meeting with success, as trachoma and "sore eyes" (which is usually infant trachoma) together were reported by only 3.0 per cent. of the total for 1920, as against 5.2 per cent. of 1910.

THE STRANGER WITHIN

THE GATES

One of the settings which Richard Walton Tully has built for the screen version of his famous Persian play, "Omar the Tentmaker," at the United Studios in Los Angeles, shows the home of Imam Mowaffaq, Teacher of the Holy Word, surrounded with palm trees, fountains, rose-arcs and beautiful flower beds, — a typical Persian landscape that Omar Khayyam himself would have revelled in. One day recently, just as "shooting" for the day was about completed, a strange-looking swarthy individual was noticed loitering around with the manner of a man beset with a consuming silent emotion.

Tully approached him, and asked the nature of his visit.

"There are but six, Mohammedans that I know of in Los Angeles," said the stranger, "and although I have been here over a year, I am sad and homesick. If you will only permit me to tarry here a while, I shall be very happy. It seems like home to me."

Tully readily granted the request, and when the "set" was desenter, the stranger was noticed to kneel towards Mecca, and pray.

SENATE TO VOTE ON TARIFF AUGUST 17.

Washington, Aug. 3.—The Senate will vote on the tariff bill August 17, under a compromise agreement between Republican and Democratic leaders reached today.

This will bring an end in two weeks a debate lasting since April 20 and marked at all times by unusual partisan bitterness.

The August 17 vote, however, will not see the tariff bill safely past the shoals and rocks, for the conference between the two houses over amendments made by the Senate admittedly means trouble for the bill.

MURDER OVER CARDS.

Cleveland, Ohio, Aug. 3.—With his face and head beaten and marks of strangulation on his neck, Chas. Chapman, 27, was found murdered on the Pennsylvania tracks here Thursday.

A trail of blood through a yard and out onto the tracks, showed where the body had been dragged.

A card game led to the murder, police said, after talking to witnesses.

PRESIDENT'S CABINET AGAIN CONSIDERING STRIKE QUESTION

Fear of Sympathy Strikes Is Now Growing — Will Says Backbone Of Shop Crafts Strike Is Broken.

Washington, Aug. 3.—Whether the administration, its peace overtures having failed, shall pursue a "hands-off" policy so long as the public interest is not menaced seriously and permit the rail and coal strikes to be fought out to a finish was discussed today by President Harding and his cabinet.

Harding now has no immediate plans for settling either strike, and the test of strength may be allowed to continue for a while.

The railroad executives want to fight their own battle, believing they can crush the shop crafts' unions and bring the men to terms. The bulk of the coal operators feel the same way, and there is a disposition among some of Harding's advisers to let the disputants fight it out.

Other advisers, however, fear the consequences of such a policy for these reasons:

That the country already is suffering and every day the strikes continue conditions will become worse.

That, if the shop crafts' unions show signs of giving away, the big railroad brotherhoods may call a sympathetic strike, paralyzing the entire country.

Color was given this view by a high officials of the American Federation of Labor, who said:

"The shop crafts will not lose their fight."

On the other hand, eastern railroad executives profess to believe the strike is broken. Gains in shop forces were claimed today.

Recruiting will go on, John G. Walker, speaking for all eastern roads said, until shop forces are at full strength.

Wall street watched progress of the roads' offensive and pronounced the strike won for the carriers. Charles E. Mitchell, president of the National City Bank of New York, said:

"Reply of the railroads to President Harding was just what it should have been. There was nothing else to do."

NATIVE OF ABERDEEN, CINCINNATI LAWYER, DIES.

The following is from Thursday's Commercial-Tribune:

Rolla L. Shickner, 42 years old, attorney, died yesterday morning at his home, 6517 Carthage pike. He is survived by his widow, Mrs. Martha B. Shickner, nee Bick, and by a daughter Florence.

The funeral will be held on Friday from the residence, with services in the Carthage Methodist Episcopal church. Burial will be in the Oak Hill Cemetery.

Mr. Shickner was born in Aberdeen, Ohio, and after receiving his education taught school there before coming to Cincinnati. He was graduated from the Y. M. C. A. Law School in 1914. He was a member of the Knights of Pythias, the Eagles, the Junior Order, President of the Washington Finance Company, Treasurer of the Carthage Methodist Church and Superintendent of the Sunday school.

RAIN INSURANCE AT DIME OFFERED FAIR DIRECTORS.

Lawrenceburg — Claiming that it has rained up the boundary fences all around his farm for two months, J. L. Cole offered to insure the Lawrenceburg Fair Association against rain for the four days of the annual fair if it held on his property. He will take the risk for ten cents, he said.

SENATOR REED SEEKS CERTAIN OF VICTORY

Severe Blow to Former President Wilson and His Supporters Is Apparent Victory of League's Bitter Foe.

Kansas City, Mo., Aug. 3.—Senator James A. Reed apparently had weathered the fiercest storm of his political life today.

Complete returns from all except 443 precincts in Tuesday's state primary, showed Reed had a lead of 8,935 over Breckinridge Long, his opponent for the Democratic senatorial nomination.

The missing precincts were in sections where Long is strongest, but it seemed Reed's lead could not be overcome.

R. R. Brewster, Republican senatorial candidate, held a 40,000 majority and indications were missing precincts would swell his total.

The state renominated 12 Republican congressmen and one Democrat. Two contests still were doubtful.

W. Y. Morgan was leading in the Republican gubernatorial race in Kansas. Jonathan Davis led in the Democratic gubernatorial race.

Congressman Phil Campbell, chairman of the House Rules Committee, was defeated in the Third district for renomination. Other Kansas congressmen were renominated.

J. C. Walton, running in the Democratic primary in Oklahoma as a Farmer-Labor candidate for governor, easily defeated other aspirants. John Fields won in the Republican contest.

Miss Alice Robertson was renominated for Congress in the Second Oklahoma district, but Manuel Herrick, "dare-devil congressman," was defeated in the Eighth district.

Oppose CREATION NEW U. S. COURT DISTRICT.

Covington, Ky., Aug. 3.—Petitions opposing the creation of an additional federal judicial district in Kentucky have been sent to Washington by attorneys in various cities in Eastern Kentucky, it was announced today. It is contended that an additional district is not necessary. The state at present is divided into two districts, eastern and western. Opponents of the measure proposing the creation of a third judicial district declare that in the event of congestion in either district, one of 25 special federal judges could take care of the work. The petitions signed in the eastern district state that Judge Cochran is fully capable of handling the business in his district, where Judge Evans has disposed of large dockets.

Mr. Harold Campbell, of Flemingsburg, is here Thursday to attend the Lexington-Maysville game.

Dr. Otis Sutton, of Norwood, Ohio, is visiting old friends and relatives at Aberdeen and taking in the Ripley fair

COWS, HORSES KILLED IN GRAVES COUNTY STORM.

Mayfield — Several persons were shocked during an electrical storm which passed over this county. Lightning struck the home of G. P. Pitman, near Lynnyville and three cows were killed in the vicinity. Two horses were killed by a bolt in the North Mt. Zion section.

It is reported that there was a very heavy hail storm at Manchester Thursday morning doing much damage to tobacco.
